CITY IS TOLD TO REMEDY SEWER CONDITION HERE

State Department Issues Polite but Firm Order Through Representative

CLAIMS POLICY UNWISE

Health Being Menaced and Marion Liable to Damage Suits, He Says

City Council was politely but firmly notified last night by an official representative of the State Department of Health, which has created a situation at the storm water sewer outlet west of the city which threatens to become a serious menace, must be remedied "within a reasonable length of time."

The state department's spokesman, who appeared at last night's council meeting and exposed the situation in a talk heard by not only the municipal legislators, but a large number of citizens who filled the lobby, was R. C. Sweeney, of Columbus, assistant state health engineer.

Yesterday afternoon, Mr. Sweeney held a conference with the sewer committee of council and other officials, including City Engineer (Father) and Service Director Benedict, in which all details of the problem were discussed and a number of prospective remedies suggested.

Began in 1917
The objectionable conditions, to which Mr. Sweeney referred and which have brought a series of official communications from the state beginning in 1917, are a result, he stated, of sanitary sewage and effluent from local industrial plants and business houses emptying into the storm water sewer lines of the city. This is due, he stated, to numerous connections between the storm water sewer lines and the sanitary sewer lines, which have been made during a long period of years, because of the city having no adequate inspection and supervisory system.

Until some arrangement is perfected for keeping the sanitary and storm water systems entirely separated, the trouble can not be eliminated, Mr. Sweeney declared. Raw sewage and industrial waste, emptying into streams west of the city from the Columbus and Silver Creek lines, which are intended to receive only storm water, are continuing to pollute the streams and create conditions not only menacing to health but making the city liable to damage suits.

Partially Remedied
The first order for correction of the trouble came from the State Department of Health in 1917, the engineer informed council and finally in 1922 the city took steps to provide a remedy by arranging for construction of a present sewage treatment plant and a new sanitary trunk line sewer.

This has partially remedied the difficulty, Mr. Sweeney says, but further work must be done to establish completely satisfactory conditions. This can not be accomplished, he declared, until all of the city's sanitary drains are connected up with the sanitary sewerage system and measures are adopted to prevent cross connections in the future.

The city is following an unwise

TO FACE CHARGE OF MURDERING STEPFATHER

Melvin Turner, 40, To Be Arraigned Before Mt. Sterling Mayor

London, Mar. 1.—Melvin Turner, 40, will be arraigned on a charge of first degree murder of his stepfather, Henry Beathard, 65, Mt. Sterling, Wednesday before Mayor Hugh H. Mt. Sterling.

Turner has been under arrest here since Feb. 15, two days after his stepfather died after being attacked and robbed in his home late at night. Charges were brought after experts discovered bloody fingerprints on a fruit jar in the Beathard home, where Turner also resided. The jar hidden in the home is said to have contained \$250, supposed to have been stolen by the confederate.

BIGAMY CHARGE AGAINST BEATHARD

Columbus, Mar. 1.—Harry Beathard, 31, Indianapolis, who visited Mt. Sterling to attend his father's funeral, and who was then arrested for non-support of a wife and two minor children residing here, is to be arraigned to Indianapolis where he is charged with bigamy. It is charged he married Miss Sylvia West, Jan. 25, 1927, while his first wife, Mrs. Beathard, was still living. Beathard was served one year and will then be sent to the penitentiary for trial. A third former wife lives at Mt. Sterling.

NON-STOP FLIGHT FROM U. S. TO PARIS PLANNED

San Diego, Cal., Mar. 1.—A non-stop flight attempt from New York to Paris early in July this year will be made by Capt. Charles A. Lindbergh of Detroit, member of the air corps reserve, it was announced here today.

HESS TO COACH

Columbus, Mar. 1.—Ed. Hess, all-American tackle for Ohio State University during the 1925 and 1926 football seasons, today signed a contract to coach the football team for the 1927 season. Hess was announced here today. Hess graduated in June from Ohio State.

March Lion

He's Due To Roar Into Marion Tonight, One Day Late

ONE day behind schedule the March lion will roar his way into Marion tonight, according to the weatherman.

Snow in the northern part of the state with clear and snow in the southern part of Ohio is forecast for tonight and Wednesday. There will be little change in temperature, the forecast concludes.

Last night the mercury dropped to the 25-degree level from the peak temperature of 37 degrees yesterday afternoon. A year ago the lowest temperature reached corresponded with yesterday's high mark.

50 LIVES TOLL WHEN GAS BLAST WRECKED SHAFT

Rescuers in English Coal Mine Disaster Hampered by Poisonous Gas

Elbow Vale, England, March 1.—At least 50 men are entombed in the CWM mine, with all hope of their rescue abandoned.

Nearly a hundred other miners have been brought to the surface suffering from gas.

The tragedy was caused by the explosion of gas in one of the chambers of the mine, and the presence of "after damp" made it necessary to stop rescue work at 1:30 o'clock this afternoon.

The management of the CWM mine states that it fears the death toll will total 52.

135 In Mine

A hundred and thirty-five miners were known to have been in the mine at the time of the explosion. Of these, 85 were brought to the surface, all alive though badly gassed. The others still are missing and it is feared that they have perished.

The explosion which was not heard on the surface, occurred during the night shift in one of the main galleries of the mine and brought down much of the roof, thus blocking the exits. The whole town of Elbow Vale was immediately mobilized for rescue work, but clouds of poisonous gases arising from the wrecked shaft seriously impeded the workers.

Work Heroically

The rescue squads worked heroically, the general manager of the mining company himself descending into the pit with the rescuers. He was overcome with gas and brought to the surface unconscious.

There were many harrowing scenes at the pithead as more than 200 women gathered to wait for news of their menfolk who were trapped in the mine.

Fourteen bodies had been recovered from the mine at 11:30 o'clock today and eight more were located during the afternoon.

At noon it was stated that at least 50 miners were still unaccounted for.

STAGE COLLAPSE KILLS 13 MINERS

London, Mar. 1.—Sixteen miners were killed today in a shaft accident at the Bill-Thorpe mine, in Nottinghamshire.

The disaster occurred when a strapping upon which the men were at work sinking a new shaft collapsed and threw the men to the bottom of the shaft.

Drop Impeachment of Federal Judge Cooper

House Judiciary Committee Censures Jurist for Activities, However

Washington, Mar. 1.—The house judiciary committee today decided to drop impeachment proceedings against Federal Judge Frank Cooper of the Northern New York district.

At the same time, the committee, in its report, censured some of Judge Cooper's activities in connection with prohibition under cover work.

The evidence is not sufficient to warrant an impeachment, bill, the committee said. Impeachment of Cooper was sought by Representative L. Garrison, republican, of New York, a year ago.

READY FOR JURY

Daugherty-Miller Case Stated for Deliberation This Afternoon

New York, Mar. 1.—With the Daugherty-Miller case slated to go to the jury this afternoon, U. S. Attorney Emory R. Buckner concluding his summation at the conspiracy trial today called on the jury to convict Eugene W. Miller, former alias property custodian, with 15 minutes.

"It should only take you 15 minutes to convict Miller but of course it will take you a bit longer to convict Harry M. Daugherty, former attorney general," asserted Buckner. "Daugherty's case is different because he had a Jess W. Smith, confidential man and bag-man."

TO NAME ACTRESS

Los Angeles, Mar. 1.—A well-known Hollywood motion picture actress will be named as correspondent in the expanded edition of the book "The Life of a Woman" by the famous husband, 42, who today signed a contract to hold up Mr. Maggie Richardson, (her home in Summit, near here, late yesterday, after they had ransacked her home, and robbed it of \$200.

COOLIDGE NOT FAVORABLE TO 3-POWER PACT

President Hopeful Means Will Be Found at Geneva To Limit Auxiliary Strength

DISPOSES OF RUMORS

Great Britain's Answer Also Refers to Original Proposal of Executive

Washington, Mar. 1.—President Coolidge remained distinctly hopeful that some means will be found at Geneva to reach an agreement limiting the auxiliary naval ship strength of the three great powers, despite the unfavorable replies to his invitation sent by France and Italy.

This was made clear at the White House today, simultaneously with the announcement that Mr. Coolidge does not believe it practicable for the United States, Great Britain and Japan to engage in any tri-party agreement. This definitely disposed of rumors that the president would make an alternative proposal for a three power treaty, leaving out France and Italy.

No Serious Consideration Has Ever Been Given a Three Way Compact It Is Indicated by the Presidential Spokesman

The unwillingness of Great Britain to restrict her navy while her Mediterranean rivals, France and Italy, were left free to go as far as they liked in well-known to this government for it equals to have any hopes of success in such a proposal.

Just what President Coolidge bases his optimistic hopes at Geneva upon was not made clear at the White House. It was stated with some emphasis, however, that Mr. Coolidge does not by any means consider his proposal for a second Washington conference to have been killed by the unfavorable action of France and Italy.

BRITISH REFER ONLY TO ORIGINAL PLAN

London, Mar. 1.—Great Britain's reply to President Coolidge's disarmament proposals has reference only to the original proposal for a five-power disarmament conference and has no reference to any subsequent suggestion for a tripartite conference, the International News Service was informed today in authoritative government circles.

HOLD HOTEL EMPLOYEE IN DEATH OF BRIDE

Body Found in Bath Room Near Apartment; Marks of Violence

Chicago, Mar. 1.—Carl Wood, hotel employee was being held today pending the inquest into the death of Mrs. May Wood, his 18-year-old bride.

Mrs. Wood's nude body was found in a hotel bath room at the end of a hall, 30 feet from her own apartment. Several marks on the body indicated violence.

Giving weight to the theory of foul play is the fact that nothing, not even a bath robe, was found in the bathroom.

Police, summoned by the young husband who found the body, believed the woman had fainted.

Her heart was still beating when they arrived, the officers said. A pathologist was called but efforts to revive her failed.

Wood maintained he knew nothing of the circumstances surrounding her death.

MACHINIST IS INJURED AT LOCAL ERIE YARDS

Howard Moore Caught Between Two Rods While Dismantling Locomotive

Howard Moore, 35, of 643 E. 14th, machinist, was injured, probably seriously, at noon today when he was caught between two rods while engaged in dismantling a locomotive in the local Erie yards.

Mr. Moore and other Erie mechanics were preparing the engine to be towed into the roundhouse for repairs when the accident occurred. The locomotive had broken down in the yards.

The injured workman was rushed to City Hospital in the Curtis ambulance, where he is now lying. Physicians had not yet completed their examination at 6 o'clock today and no definite report of the seriousness of Mr. Moore's condition was available.

ONE PROBABLY FATALLY WOUNDED, OTHER IS HELD

Columbus, Mar. 1.—Sam Burton, 36, Ostrander, Delaware County, is in St. Francis Hospital with a bullet in his stomach, and Frank White, 24, Boston Mass., is held on a charge of shooting with intent to kill, as the result of an early morning argument here today. The shooting occurred in the Keith-Albee Theater where the men are employed as night watchmen.

SEEK TWO BANDITS
Cincinnati, Mar. 1.—County authorities here today were seeking two bandits who stole a hold-up attempt to hold up Mr. Maggie Richardson, (her home in Summit, near here, late yesterday, after they had ransacked her home, and robbed it of \$200.

NINE AIRSHIPS HAVE CONQUERED ATLANTIC

Commander Francesco de Pinedo's recent flight from Cagliari, Sardinia, to Pernambuco by way of French Senegal and the Cape Verde Islands brings the total of transatlantic flights to nine. Commander Albert C. Read, U. S. N., was the first man to fly across the Atlantic. In May, 1919, he crossed in the NC-4. Others who have successfully crossed in heavier-than-air machines are: Capt. John Alcock and Lieut. Arthur W. Brown, British, in June, 1919; Captains Sacadura and Coutinho, Portuguese, in 1922; Lieut. Lowell H. Smith and Lieut. Erik Nelson, U. S. A., in 1924; Commander Ramon Franco, Spanish, in 1926. Two dirigibles, the British, R.34, under command of Maj. G. H. Scott, and the ZR-3—(now the Los Angeles)—have made the trip, the former in 1919 and the latter in 1924. Dr. Hugo Eckener piloted the ZR-3. Routes taken by these aviators are indicated on the map above.

MARINES TAKE BOAT, DISARM 100 CHINESE

Native Soldiers Had Seized Standard Oil Vessel at Shasi; Victory Bloodless

FIRE CAUSES PANIC

Blaze Near Arsenal Destroys 10 Buildings; Military Situation Unchanged

Peking, Mar. 1.—American blue-jeans on the U. S. S. Pigeon today gained a bloodless victory over a band of Chinese soldiers at Shasi, who had seized a Standard Oil steamer, the S. S. Moshing. The Chinese were dispersed without a shot being fired.

One hundred Chinese soldiers seized the Standard Oil vessel at Shasi and brought it to Hankow. On the Moshing's arrival these American bluejeans from the gunboat Pigeon boarded her and piloted her alongside the U. S. S. Sabal, another American river gunboat.

Thus caught between the two American gunboats, the Chinese soldiers allowed themselves to be disarmed without a fight. They were watched ashore and the American consul sent notice to the local Chinese officials that the arms would be turned over to him.

The consul of the British shipping companies operating on the Yangtze to meet the later demands of the Jianghai Union League. American interests here involved and in making plenty of work for the American bluejeans on the upper Yangtze.

FIRE NEAR ARSENAL CAUSES PANIC

Shanghai, Mar. 1.—An outbreak of fire near the Lungchow arsenal on the outskirts of Shanghai caused panic conditions in part of the native city today, detaching from the general trend of the military situation.

Firing of an electric wire, believed to have been responsible for the fire which destroyed 10 outbuildings of the arsenal. Fears of explosion, due to the huge stores of munitions in the arsenal, caused a panic among the native residents near the arsenal.

The fire was under control after four hours of arduous labor. Firemen being forced to work amidst a hail of exploding bullets.

Situation Unchanged

While the military situation continues unchanged the Shanghai troops continue to stream down from the north and Shantung, apparently planning an attack on the left flank of the Cantonese. They are reports here that the Cantonese are planning a counter-drive in the direction of Shantung thus hoping to split the northern armies, cutting off the southern flank from the base of supplies.

The foreign defense forces were considerably augmented today. The Spanish ship, the *U. S. S. Pigeon*, arrived here and dropped anchor in the harbor.

The transport *U. S. S. Pigeon* arrived from Bombay bringing 50 officers and men of the royal artillery, with mules and horses and portion of a heavy battery.

FIRE LOSS IN MARION \$2,000 DURING FEBRUARY

Twenty-Two Calls Answered by Department, Chief's Report Shows

Marion's fire loss totaled \$2,000 in February and March at the three local engine houses answered 22 calls, the monthly report of Chief T. J. McFarland shows.

All but a small part of the month's loss resulted from fires at the John A. Knepper home, Ballentine, at the Hildner Gamble home, Ballentine, and at a vacant double house on Bonaventure owned by Mrs. K. B. Gaylord of Lakewood, O. The Bonaventure fire was started by incendiary and most of the damage resulted from explosion of gasoline used to start the flames. Although state and local authorities are investigating identity of the incendiary, a mystery.

Eight of the 22 calls received last month were in connection with chimney fires, which resulted in little or no property damage.

In February of last year the firemen made 25 calls and the property damage totaled \$1,924.

TRACK REPAIRS WILL BE MADE SOON, IS CLAIM

Counsel for Company Also Investigating Poor Service Charges in Southwest

The C. D. & M. Electric Co., is ready and willing at all times to repair and not only repair but to improve the very street railway service and for that reason is giving due consideration to complaints recently filed with City Council W. P. Moloney, attorney for the company, informed council members last night.

The complaints to which Mr. Moloney referred relate to conditions of the tracks on N. State and Davidson and to service given patrons of the car lines in the southwest section of the city. Repairs are to be made on N. State and Davidson as soon as weather conditions permit, Mr. Moloney said and an investigation of the service in southwest Marion is being made to ascertain whether the complaint recently filed by the residents of that section is justified.

Answers Petition
A petition signed by more than 100 persons living in that locality was recently filed with council asking that the C. D. & M. be required to run city cars on the schedule stipulated in its franchise. City cars are frequently delayed, the petitioners alleged, by being sidetracked to give interurban cars the right-of-way.

Although not conceding that the condition is sufficiently serious to provide basis for complaint Mr. Moloney said that it is frequently necessary to

give information into the right way for special reasons.
Particularly interesting was a statement to the effect that Mr. Moloney had been told by the company's attorney that the company's business is to operate the street railway and that it is not its business to repair the tracks or to improve the service.

Custom is Cited
Mr. Moloney also cited custom to the fact that interurban cars are given the right of way over street cars. He pointed out that the fact that the interurban cars are given the right of way is a custom and that the company is not bound by it.

Reading from a copy of the C. D. & M. franchise, Mr. Moloney stated that it requires only a "reasonable" delay for city cars to be given the right of way. He stated that the company's aim is to maintain a 15-minute schedule.

Winter Bad on Tracks
Investigation has failed to discover any other city of the size of Marion where frequency of city car service is maintained on an equal to that in other cities, Mr. Moloney said.

The Farmer

Is one of those fellows who often needs money. So do all of us. But unlike many others he is able to pay at certain times than others, because his income is not forthcoming each week or month as other workers.

Realizing this, Marion Chattel Loan Company, 126 S. State-st., long ago arranged to make loans particularly suited to the needs of the farmer. He may borrow money now and arrange for payment several months in the future, during which time he need pay nothing whatever. A nominal interest charge is made only for the time the money is used.

A great many farmers have been quick to recognize the convenience of such a loan and every man who operates a farm owes it to himself to determine how useful such a service can become.—Ad.

SUPREME COURT DENIES MOTION IN HOG CASE

\$10,000 Damage Suit Starting More Than Year Ago Given Final Disposal

A \$10,000 damage suit which had its inception in the hog case and which was granted in the Marion County Court of Common Pleas more than a year ago, was finally disposed of today when the U. S. Supreme Court refused to consider the case.

The suit was brought in the local court against the Big Four Highway Co. by Herbert Kopp, who claimed \$10,000 damages for alleged malicious prosecution. A jury which broke out of a Big Four highway car near the end of the property of the Big Four Hunt Co. where Kopp was employed, and Kopp ordered the animal taken to the stock yard and sold.

In Common Pleas Court
In the common pleas court, former Judge Justice disposed of the case for the highway company on the grounds that Kopp was acting as a police officer and not as a representative of the Big Four.

Kopp carried the suit up to the Court of Appeals and there the matter of the county tribunal was sustained. The

A WAGE EARNER'S CAPITAL DEPENDS ON HIS STRENGTH

Tepee Herb Tonic Has Laid the Foundation For Fortunes Made By Thousands

The wage earner's capital is muscle and brain, without them he has nothing to sell. Tepee Herb Tonic has been the means of putting many a man back on the pay roll after he had taught his last day's work was done.

Charles Waldron, a tool maker, in the employ of the Travel Company, Florida, O., says: "As a general tonic to tone up the liver and regulate the bowels I have found Tepee Herb Tonic very effective."

"Before I took Tepee Herb Tonic my bowels were very irregular. I had frequent headaches and felt tired and nervous most of the time. A few bottles of Tepee Herb Tonic cured me out. It is the most reliable for the liver and bowels I have ever taken. My appetite increased and I gained weight while using it."

Tepee Herb Tonic is sold and recommended by Dr. H. H. Hixson & Company, 101 S. State, Marion, and all drug stores. Write to H. H. Hixson and he will send you a free copy of the book "Tepee Herb Tonic" where—Ad.

Asa Queen, Local Banker, Affiliates With Schaffner Undertaking Establishment

Business Transferred to Schaffner-Queen Co.; New Member of Firm To Become One of Two Chief Executive Heads of Organization

The undertaking business of the firm, long known in operation an equal number of years.

Buyers Interest
Mr. Queen, the announcement today stated, has purchased a substantial interest in the undertaking branch of the business.

Frank Schaffner is president of the new company, Schaffner-Queen Co., and Mr. Queen, secretary and treasurer. It will have complete control and management of the undertaking business at 182 S. Main and the 11, Schaffner Co. will own and operate the furniture store at the corner of Main and Church.

The furniture store will continue under the direction of Wilfred Schaffner, who has been actively identified with the business since 1917.

Arrangements are now under way to incorporate the Schaffner-Queen Co.

A Mother, Her Child, and One Dime!

Easy to Keep the System Sweet at Any Age

"NOW INNOCENT a drug can be— and how helpful! I'm done with purgatives that leave even a child's system so acid you can detect it in the perspiration. A little Cascarets is a perfect sweetener, and my boy and I both love the candy."

CASCARETS

Many people who never have to take a laxative eat a candy Cascarets now and then. Do you know why?

They have found that Cascarets sweetens the whole system—brings an invincibility of person that means everything. It prevents bodily chemistry from ever making one unconsciously offensive to others. And what a perfect regulator of bowels!

Salts affect the lining of the bowels. Mineral oils leave a coating that the blood must carry off through the pores. How much better to cascade the system, and cause the bowels to expel everything by normal muscular contraction! To say nothing of the cleaner, sweeter condition that lasts for days—a wholesome condition that makes the use of deodorants quite unnecessary in January or July! Men and women whose years have brought on sluggishness often find that a Cascarets only once a week is all the tonic they need.

Cascarets is splendid for children, too, and they love the taste of this candy laxative which every drugstore has for 10c and 25c.—Adv.

TRIO PULLS NIFTY ON TOWN MARSHAL, ESCAPE

Two Men and Pretty Girl Leave Him Collection of Bogus Coins

Cincinnati, March 1.—Federal and county officers today were on the look-out for a pretty young woman and two men who late Monday pulled a "nifty" on the town marshal of Sharpsville, near here, and left him minus three prisoners and a collection of bogus 25-cent pieces.

The trio was held at the point of a gun by a restaurant owner after he realized that money they gave him was bogus.

The marshal came and took the two men to the jail.

The "pretty girl" was allowed to drive their car.

While the marshal was removing goods that had been stored in the town's only cell, the two male captives asked their guards if they might speak to the lady in the car.

"Why, most certainly," replied the guards with knightly air.

And no sooner had the three exchanged salutations than the young woman stepped on the gas.

The car, one of an expensive brand disappeared in the night, and the town marshal stored the goods back in the cell.

Mr. Queen is now serving his fourth year as city treasurer and is credited with a record of exceptional efficiency in that office which has recently been featured by interesting statements on municipal finance, tending to promote economy and general improvement in the management of city affairs.

The Schaffner establishment had its inception back in 1850 when Henry Schaffner, founder of the business, began his work as an undertaker in the community. This pioneer Marion business man was first employed by Samuel Salter and it was during this period that he performed the trying service of helping care for the dead during Marion's memorable cholera epidemic of 1854.

In 1860 Mr. Schaffner became associated with William Fies and Albert Dreyer in the furniture and undertaking firm of Fies, Schaffner & Dreyer. This partnership continued 11 years and after it was dissolved in 1871, Mr. Schaffner engaged exclusively in the manufacture of furniture for a period of five years.

Son Enters Business
It was in 1877 that his son, Frank, entered his employ. In 1880 Mr. Schaffner opened a retail furniture business in the E. Center street building, now occupied by the Charles F. Smith clothing store and in 1882 an undertaking service was installed as an additional feature of the business.

In 1882 the store was moved to what is now 140 S. Main and finally in 1884 to the present location at 182 S. Main.

Ownership of the entire business was held by Henry Schaffner until his death in 1907 and until toward the last he was active in the management, although for many years his son, Frank, figured prominently in directing affairs and in handling the business as each year found it rapidly developing and growing.

Company Organized
Following the death of the founder in 1907, the H. Schaffner Co. was organized and has continued in full charge of both the furniture and undertaking branches until the change effected in the organization became effective today.

The furniture business, always ranked among the largest in this section of the state, was given increased impetus last September when the Schaffner company purchased the stock of the local Flower Rowlands Co. store and also the lease which concern held on the building at the corner of Main and Church.

AVOID DIZZY SPELLS
Never well. Always tired and fagged out. Beauty faded away by neglect. To be beautiful and to keep youth the system must be free from poisonous backwash of constipation which often causes dizzy spells. For 20 years, Dr. P. M. Edwards gave his patients, in place of calomel, a compound of vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Known by their olive color. They free the system of poisons that ravage health, energy, beauty.

You need never have sallow complexion, dull eyes, coated tongue, throbbing headaches—all signs that your bowels are clogged. Live as torpid. Take Dr. Edwards' Olive Tablets nightly. They act smoothly and without griping. How much better you'll feel and look! Everywhere wise men and women who know the value of good health take Dr. Edwards' Olive Tablets. All druggists. 15c, 30c and 60c.—Adv.

A GROUP of musical recitals from Miss A. When We Were Very Young, was delightfully presented by Mrs. Robert B. Hume, as the concluding number of the program given by members of the Senior League Musical Club last night in the ballroom at Hotel Hamilton. Her piano accompaniments were played by Mrs. H. J. Martin, Mrs. Clement Weaver and Miss Ada Boxen played "Gondoliers" and "Good Night" from the Sextet, arranged for two pianos, for the opening number. Other numbers were a vocal solo, "A Summer's Night" by Goring Thomas, by Miss Helen Jacobs and a piano number, "The Song of the Reed" by Miss Mildred Kelly. The program was one of the pleasing ones of the season and the numbers were well received.

Make it NEW for 15 cts!

When dirt is stubborn, try this original Castile Soap. How it lathers in any water! How it cleans! Leaves skin healthy!

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon from any drug store (this is all you need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous and glossy, silky and soft, and look and feel a hundred times better.—Ad.

"SERVING GOD"

Rev. T. M. Anderson Preaches on Sub-ject at Revival

That interest in the revival at First Nazarene Church is already growing was evidenced last night in the unusually good attendance at the service at which Rev. T. M. Anderson of Winchester, Ky., evangelist, preached on the subject, "Serving God." One conversion was made.

Reverend Anderson preached from the text, "Grant unto us that we have delivered out of our hand of every sin, O Lord, we beseech thee, that we may serve thee without fear all the days of our life."

"The chief end of all living as God's people is to serve Him. Every one eternally lost is lost because their light failed to glorify God. No one in his natural state, no matter how talented or how well educated, renders acceptable service to God until he has experienced divine deliverance."

Services will continue at 8 o'clock every night.

Next Sunday, March 5, Rev. Anderson will preach on the subject, "The Love of God."

QUESTION LADS HELD IN JAIL AT MARYSVILLE

Quintet Placed Under Arrest After Car's Fuel Supply Is Exhausted

Marysville, Mar. 1.—Representatives of the Burns Detective Agency and police of several Ohio towns were in Marysville Monday and today examining five boys alleged to have stolen a number of automobiles and to have some connection with a bank robbery in Portland, Ind. The quintet was arrested by local officers near the country home of George M. Wilbur west of Marysville, where they had stopped to beg for some gasoline.

The youngest boy of the group, William McMorris, aged 12 years, was the one elected from the five to go to the Wilbur home to ask for the gas and aroused the suspicion of Mrs. Wilbur, who telephoned for a Marysville officer. The boy admitted to her that he had escaped from a hospital for epileptics at Gallipolis and had been engaged in various crimes in company with the other four.

Elmer Burden, who apparently is the leader of the five, was arrested a short time ago for the theft of an automobile at Portland, Ind. He stated that during a trial he fell over pretending to have a fit. He was committed to the institution at Gallipolis, where he escaped from the institution last Friday morning with McMorris.

Burden has told several wild tales to local officers in which the truth is doubted. He stated that the three remaining companions had joined him at Nelsonville and that these three were connected with the robbery of a bank in Portland, Ind.

The car which Burden had stolen in Nelsonville, O., was called for by the owner Monday, who only after considerable persuasion paid the cost of locating him, stating that it mattered little to him whether the car was found or not as it was insured.

Four of the boys were held until today for additional identification and examination to determine their connection with various crimes. It is thought by local authorities that they form a portion of a group of youthful desperadoes who have been guilty of numerous unsolved major crimes in Ohio and Indiana.

MRS. BELL BETTER

Galion, Mar. 1.—The condition of Mrs. Ralph Bell who submitted to a serious operation at Good Samaritan hospital yesterday is reported as very good.

Home Treatment For Gall Stones Highly Praised

Reports from Many Grateful Users Say It Saved Them an Operation, Pleasant and Inexpensive to Use.

For over a year now, many drug stores throughout the middle west have been recommending an inexpensive tablet called "Klax-Ko" for the successful home treatment of gall stones, gall bladder trouble and hepatic torpidity. According to written reports the simple home use of "Klax-Ko" tablets has produced wonderfully beneficial results in hundreds of cases. Men and women of all ages, but particularly those in middle life seem to be especially benefited. One man says: "I suffered greatly from gall stones and liver trouble. Doctor said I must have an operation. The night before I was scheduled for the hospital a friend insisted I try 'Klax-Ko' tablets first. I commenced to feel better and in a few days was out of the house and back to work and I haven't ever had an attack since. I am very grateful for Klax-Ko."

If you are bothered by dizzy spells, headaches, shortness of breath, gas in stomach and bowels, pressure or sharp pains in right side that often shoot through to the back, constipated tongue, bad breath, lack of ambition, weakness, nervousness and restless nights, you should give "Klax-Ko" tablets a trial at once, and you are invited to do so without slightest risk of cost unless fully pleased with results. Ask Bradley Drug Store or any good drug store for Klax-Ko today.—Adv.

Richwood, Mar. 1.—Mr. and Mrs. C. E. Wilkins of Richwood, entertained with dinner Sunday, in honor of Mr. Wilkins' father, who is 59 years old, but really has passed his 14 birthdays as his birthday anniversary comes on Feb. 29.

Guests were laid for the guest of honor, William Stall and his wife, Miss Eliza Stall and Michael Stall of Richwood, and Mr. and Mrs. C. E. Wilkins. A feature of the affair was a birthday cake with lighted candles.

FATHER-SON BANQUET HELD AT GALION CHURCH

Interesting Program Given Following Dinner Served by Dorcas Society

Galion, Mar. 1.—The annual "Father and Son" banquet of the First Reformed church was held in the church basement last night with nearly 200 men and boys in attendance. At seven o'clock a three-course dinner was served by the ladies of the Dorcas society with girls of the Philanthropic society as waitresses. Decorations and candles of red, white and blue predominated.

The Sunday School orchestra under the capable direction of Charles Tracht furnished music during the banquet and contributed several numbers to the enjoyable program which followed. Curtis Tracht was toast master and introduced all who had part in the program, with clever remarks and numerous jokes, which kept the crowd in continued good humor.

W. L. Swick, principal of G. H. S. and prominent teacher of the Sunday school, opened the series of toasts with a talk to the boys and Rufus Eckstein answered with a tribute to the fathers.

The H-Y octet entertained with a number of popular selections and Franklin Craun of the school expressed appreciation of a March Tenth reading. Miss Naomi Tracht favored with two pleasing vocal selections accompanied by Kenneth Reusch.

Several other representative men were called upon, including R. D. Conrad, superintendent of schools, and G. M. Badgley, who responded with fitting remarks. Mr. Tracht then introduced the special speaker of the occasion, Hugh Diamond who kept the crowd entertained during the remainder of the time. Diamond's speech carried many good points along with its humor and wit and left his hearers deeply impressed.

To End Severe Cough Quickly, Try This

For real results, this old home-made remedy beats them all. Easily prepared.

You'll never know how quickly a bad cough can be conquered until you try this famous home-made remedy. The immediate relief given is almost like magic. It is easily prepared, and there is nothing better for coughs. You can use it in many ways. If you have a severe cough, take two capsules of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use it in a glass of water. It will usually break up an ordinary cough in a few days. It is also a splendid remedy for bronchitis, whooping cough, and all other lung troubles. You can feel this take hold instantly, soothing and healing the inflamed lining of the throat. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary cough or chest cold, and it is also a splendid remedy for bronchitis, whooping cough, and all other lung troubles. FORMER WARDEN BEGINS HIS TERM FOR BRIBERY

Sartain Put Through Usual Routine; Task Is Not Decided

Atlanta, Mar. 1.—Former Warden Albert E. Sartain of Atlanta Penitentiary was just inducted as Governor-elect today.

The one-time ruler of 3,000 convicts at the local federal prison, because of whom he has started an 18-month term for conspiracy to accept bribes from prisoners while he was warden.

Sartain went through the usual routine of a new Governor-elect. He was given a bath, shaved, photographed and measured for the dark uniform he will wear while in office. It has not yet been decided what task Sartain will be given. Warden John Smith said today that Sartain entered the office of the same charge (Smith, who also came from Columbus, Ohio, where both were prominent, will serve one year and a day. It will be known as Governor-elect No. 2429.

PETITION FOR W. CENTER-ST. JOB APPROVED

City Council Instructs Solicitor To Draft Legislation for Improvement

The first step preliminary to the passing of W. Center-st. scheduled for next year, was taken by City Council last night when it received the petition for the improvement and it instructed the city solicitor to prepare legislation for authorizing the construction work.

In connection with this action, council practically decided to establish a deadline on street improvement work for this year and next in order to prevent the filing of numerous petitions for projects which can not possibly be financed. It was generally agreed that the Center-st. improvement will be the only large paving contract to be awarded for next year and that the limit also has virtually been reached this year.

This situation is a matter of necessity rather than of choice on the part of council, the members made plain in their discussion last night. The law definitely limits the amount of money that can be borrowed on bond issues during any one year and those limits have practically been reached for both 1927 and 1928, it was stated. It is the aim of council to leave a reasonable margin in the bond limitation to provide for any emergency which may arise.

SEVERAL BILLS ON SCHEDULE OF OHIO SENATE

Measures Listed for Early Action by Both Groups of State Legislature

Columbus, Mar. 1.—The Ohio Senate this afternoon is expected to vote on the Krumler bill providing an increase of the excise tax on public utilities.

The house Monday night passed the Lumsden Bill, providing that when a township, or part of a township, is annexed to a municipality, the latter shall receive the funds and assume the debt of the annexed territory. The bill goes to Governor Donahy, having passed the senate.

Bills on Schedule

The senate today is to take action on the following measures which passed the house Monday night: by Morgan, repealing numerous obsolete and unconstitutional sections of Ohio's General Code; by Burnett, increasing the maximum pension allowed by law for the needy blind to \$400 for a single person and \$700 for husband and wife, and by Morgan, providing for reciprocity between states relative to collecting inheritance taxes on intangible property.

Bills by Senator Wise, Stark County, authorizing deposit of school funds in banks whose capital and surplus equal, or exceed, such school funds, and by Senator Shafter, Van Wert, increasing penalties for defacing library books, or clipping such books, were passed in the senate Monday night. They now go to the house.

Cunningham and Murphy Teams To Meet On Y. M. C. A. Court

Volleyball teams captained by Murphy and Cunningham respectively will battle for the lead in the Marion Business Men's league at the Y. M. C. A. Wednesday night. The game will be called at 5:15 on the upper court. Each team has won four and lost one game.

Hildebrandt and Brown volleyballers will tie up in a game on the lower floor at 5:30 and at 5:45 Clark and Coulter will meet on the upper court.

URGES MOTORCYCLE USE FOR POLICE DEPARTMENT

Purchase of motorcycle equipment for the local police department was urged at City Council meeting last night by Frank McMill, 391 E. Church-st., local motorcycle dealer, who said that this type of vehicle is used by police in all but a few Ohio cities the size of Marion and larger.

Mr. McMill stated that he had talked with Safety Director W. B. Strayer on the subject and that Mr. Strayer favors equipping the police department with a motorcycle but states that funds for making the purchase are not available.

McMill was informed by Emer E. Murphy, president of council, that his proposal would be taken under consideration.

45 Signers

The W. Center-st. petition, presented by R. T. Lewis, an officer of the West Center Street Improvement Association, was signed by 45 individuals and firms who own 2,345 feet of property fronting it. Thus, it was stated, is approximately 75 per cent of the total frontage on Center-st. between the Hocking Valley railroad and Main-st. The plan, however, is to pave only from the railway to Oak-st next year and to construct the remainder in 1929. Between the railway and Oak-st the thoroughfare is to be widened 15 feet to conform with the width in the up-town district.

Mr. Lewis stated that property owners were almost unanimously in favor of the improvement and that more signatures could have been obtained had it not been for the fact that a number of persons live at distant points and other properties are parts of estates which had no representatives authorized to sign. Absence of signatures is unimportant, however, as the high value of all W. Center-st. property assures collection of assessments, city officials say.

Favor Resurfacing

A few of the property owners favor resurfacing instead of complete reconstruction of the street, Mr. Lewis said and others suggest that one side of the thoroughfare be paved and completed before work on the other side is started in order to avoid a traffic tie-up. Decision on these points and other details of the work are to be left to the council.

Be independent of outside ice supply next summer—and forever

ONCE Frigidaire is installed in your home, you are forever free from the need of outside ice supply. The minute the connections are made and the current turned on you have automatic electric refrigeration—you have the permanent convenience of direct frost-coil cooling—you have Frigidaire.

Frigidaire makes the most perishable foods easy to keep

When you put fresh foods in Frigidaire they stay fresh—fresh until you are ready to use them—fresh as when first delivered at your door.

And your refrigeration costs will be lower too. You will reduce expenses because you can buy foods in larger quantities—because you can keep all you buy until you are ready to use it—because Frigidaire's operating cost is less than the cost of ice.

The Frigidaire name-plate on the electric refrigerator you buy means the proven dependability of a product of General Motors, and the endorsement of more than 300,000 users.

See Frigidaire in actual operation. Inspect the new models now on display. Come in today.
